

BECOME A CUSTODIAN OF THE COMMON

Join the movement to protect the planet.

The most important work you'll ever do

PROTECT THE COMMON

We are on a mission to solve climate change.
We must protect our common resources, that are so vital to life on earth.
We are uniting communities to make climate action simple.

[Our manifesto](#)

Better money for a better world

Custodians support communities to adopt toco.
They find businesses to accept toco and people to use toco for everyday purchases.
The more people use toco, the more CO₂ you help remove.

FIX THE SYSTEM

Climate change is a result of a fault in our economic system.
Let's fix the system to correctly assign value to the environment.
Let's unite a global community that agrees that removing CO₂ is valuable.

[Apply here](#)

Find out if you have what it takes

Do you have what it takes to fight for what you believe in?
Do you have the courage to lead where others have failed?
Do you have the resolve to work on solving the hardest problem of our time?

CARBON IS MONEY

Promote a new global currency backed by CO₂ - the toco.
Every toco represents one tonne of CO₂.
Turn every economic activity into climate action.

[Learn more](#)

It pays to work for purpose

Climate impact should not only be rewarding work - it should be rewarded.
Custodians earn income every month based on the toco transaction value in their area.
Custodians work is rooted in volunteerism - you work when you want to.

Your journey to becoming a custodian

Follow these simple steps to start making an impact, once you've gone through a full review we may invite you to a training week to be eligible to become a custodian.

1: Apply now!
Submit your Application
